# AMAZING FOSSILS

Stunning truths behind the facts

WOW! LOOK AT THIS  
THING. IT SAYS HERE  
IT'S OVER SIXTY-FIVE  
MILLION YEARS OLD!

I DON'T BELIEVE IT'S THAT OLD.

WHAT DO YOU MEAN?

WELL ... YOU REMEMBER BEING TAUGHT THAT IT TAKES MILLIONS OF YEARS

YES, OF COURSE! IT'S IN THE TV PROGRAMS AND BOOKS.

IT SIMPLY ISN'T TRUE. FOSSILS CAN FORM IN A VERY SHORT TIME.

Photo by John Hester

**LISTEN TO THESE EXAMPLES OF JUST A FEW FOSSILS THAT FORMED QUICKLY: IN THE USA A SACK OF FLOUR HAS PETRIFIED SINCE 1903 (1). ALSO, IN NEW ZEALAND: PETRIFIED SAUSAGES (2), A BOWLER HAT (3) AND A LEG OF HAM (4), ALL OF WHICH WERE BURIED IN THE 1886 VOLCANIC ERUPTION OF MT TARAWERA. THEY HAVE BEEN TOTALLY TURNED TO STONE SINCE ONLY THAT TIME!**

**IN TASMANIA, AUSTRALIA, A FELT HAT WAS FOUND IN A DISUSED MINE AND PARTLY FOSSILIZED (5).**
