

# Finding Answers

I wonder if you have ever asked big questions about life?

How did the world begin? Where did the people come from? When did things start to go wrong? Why do so many bad things happen? Who can I trust to give me the answers I need?

There is one book in the world that provides reliable answers. It is God's book, the Bible. It is unlike every other book because its words were given by God. The Holy Spirit inspired godly men from various eras in history to write different parts of it, yet all of it agrees! Much of Biblical prophecy has already been fulfilled, *exactly* as predicted!

Who did God choose to write down his Word? .....

Many Bible predictions have already .....

God always protects his Word. He says it will never, ever change.

**Isaiah 40:8** says .....

.....

# A Perfect World!

The world was perfectly **designed** for living in, and God was the Creator, so everything he made **belonged** to him.

He planted a beautiful garden, called Eden, filled with all kinds of fruit-bearing trees and plants. He made animals, and **two** people; a man and his wife. The people were **special** because they were made in God's own **likeness**, and they were **righteous**. That means they were without sin; their hearts and minds were **clean** and **pure**!

There were no weeds, or thorns or thistles anywhere. The plants and people were healthy and there was no disease. Nor were there any famines, floods or hurricanes! There was **nothing** to cause distress or pain to either man or beast! **What** a world it was!

# Who Spoiled it?

God also created angels or spirits who would be his servants. They do not have bodies, as people do. They live in God's presence, in heaven, ready to obey his voice. They can go anywhere, at God's command, to do what he chooses. But unlike God, an angel can only be in one place at a time.

How does **Psalm 103:20** describe God's angels? .....

.....  
.....  
.....

God gave the angels names and several are noted in the Bible. The angel Gabriel, who appeared to both Zechariah and Mary before the birth of Jesus, is perhaps the best known.

The chief angel then was known as Lucifer ('Day Star') and he was both very beautiful and very intelligent. The Bible teaches that he thought he could be like God, and his heart became proud and lifted up. Lucifer wanted to be worshipped as God the Creator was. He was not content to honour God as Lord of all.

**Isaiah 14:12-14** says .....
